

Red Twig Dogwood

Cornus sericea 'Kelseyi'

Kelsey Redosier Dogwood, Kelsey Dogwood

- Deciduous shrub, low growing, to 2-2.5 ft (0.6-0.8 m) high, green leaves in summer and purple-reddish in fall, twigs slender and young ones are bright red in winter, but older twigs are red-brown to brown.
- Sun. Susceptible to leaf spot in fall. Prune out older stems to maintain red twigs in winter.
